MATTERS TO BE DISCUSSED VIA CONFERENCE CALL:

- (i) The issue that the term "fluid passageway" is not adequately supported and explained by the specification;
- (ii) Rejection of all claims as indefinite for including the term "fluid passageway", although that term is included only in claims 6, 8, 12 and their dependent claims;
- (iii) The timing of the indefiniteness rejection; why it was not rejected earlier and why now;
- (iv) Issue of rejections given out piecemeal instead of a complete examination; and
- (v) What should we do to secure allowability
